

Usman Zakria

✉ m.usmanzakria@gmail.com ☎ +49 170 695 9515 📍 Berlin, Germany 🔗 Portfolio Link

Marketing professional with expertise in **SEO**, **Social Media**, and **Content**, experienced in delivering *growth* through data-driven storytelling and strategic positioning. I enjoy working in dynamic, fast-paced environments and can explain complex topics in a simple way with excellent communication skills in **English (8.5 IELTS / C2)**, and growing German proficiency (A2). I bring practical skills in *SEO/AEO/GEO*, and *social media content*, a strong understanding of *editorial calendars*, and a strategic mindset for *campaign ideas* and *PR activities*. Having worked closely with *cross-functional teams*, I thrive in international environments, take ownership of tasks, and enjoy transforming complex topics into engaging *web content* and *sales materials*.

I am eager to be an integral part of **autarc's Marketing** team, *create and schedule social media content, maintain and update our website*, and help simplify the transition towards renewable energy as a **Marketing Associate Working Student** in Berlin.

Education

- Led **100% GDPR** compliance and implementation, ensuring product alignment with data regulation
- Used **Figma, Clay, Apollo, Mailjet, LinkedIn Ads, SQL, Python, Trello, Jira, PowerPoint, Excel (ETL, VLOOKUP, Pivot Tables, LAMBDA), Power BI, Claude, ElevenLabs, Play.ht, Synthesia, Slack**.

SEO Content Writer, GoodCore Software (Part-time) 03/2024 – 08/2024

- Authored multiple articles on **Agile SDLC** with **Figma illustrations** ☑, **increasing organic traffic by 18%**.
- Operated **Semrush, Figma, Notion, Webflow, Google Analytics (GA4), Mixpanel, Grammarly, HubSpot**.

Final Year Project Trainee, L'Oréal Pakistan 01/2023 – 06/2023

- Created a business case, **high-fidelity prototype**, and **go-to-market** strategy for a salon booking app.
- Utilized **Figma, Canva, NVIVO, R (tidytext, tm, sentimentr), AnswerThePublic, Google Trends**.

Teaching Assistant - Analytical Approach to Decisions, IBA 04/2022 – 06/2023

- Guided **250+ students** through business analytics projects by creating an interactive learning environment.
- Employed **Advanced Excel, SQL, R (ggplot2, dplyr, tidy, lm, caret, tm), Google Colabs**.

Consumer Insights Intern, Dawlance 07/2022 – 10/2022

- Led **5 consumer research** projects with **IPSOS (200+ participants)**, generating insights that optimized e-commerce strategy by mapping end-to-end consumer journeys, **improving CTR by 6.3%**.
- Leveraged **IPSOS digital communities, Brandwatch, Tableau, R, Google Workspace, Microsoft Office**.

Projects

Agile SDLC Article Illustrations ☑

Designed **Figma** illustrations to simplify complex topics like **Agile, Scrum, DevOps** for non-technical audiences.

Agentic AI in Finance (Beam AI) ☑

Explored Agentic AI players and use cases in Finance, creating a PoC automation workflow using **n8n**.

Property Price Prediction (Airbnb NYC) ☑

Developed and compared 4 regression models (Step, Decision Tree, Lasso, Ridge) to predict property prices and identify key valuation drivers using **R**.

AI Digital Twin Persona ☑

Synthesized 11-factor psychographics data into a functional **AI clone** of myself, testing with blind Turing Test

AI in Marketing Analytics - Visual Saliency ☑

Compared **deep learning** and **neuroscience-based AI** saliency models, studying key drivers of **Ad/Brand Gaze**

Signavio Competitive Analysis ☑ : Compared leading **BPM** and **Process Mining** solutions, Signavio and Celonis, identifying strategic advantages, differentiators and competitive intelligence initiatives.

Consumer Insights Research ☑

Mapped user journeys, benchmarking against competitors, optimizing Dawlance's DTC eCommerce strategy.

Product Onboarding Tutorials ☑

Leveraged **ElevenLabs, Play.ht, Synthesia**, and **DaVinci Resolve** to create intuitive user onboarding tutorials.

AI-Powered Logistics Platform [↗](#)

Architected Agentic AI-powered logistics platform including **Conversational**, **Analytics**, and **Automation** AI.

L'Oreal Financial Analysis

Conducted detailed financial analysis of L'Oreal estimating WACC, Valuation, and Strategic Assessment

Skills and Certifications
