

Dear Hiring Team,

I'm Usman, a **data-driven** Master's student at HTW Berlin with **B2B SaaS** experience in Supply Chain Management at a **Logistics ERP**. My proactive approach to project management, helping ship projects like our [AI-powered logistics suite](#) and new **Yard Management platform**, makes me a perfect fit for the **4flow's Corporate Strategy** Working student position. I am eager to contribute to your mission of combining strategy and innovation to **revolutionize supply chains**.

Strategic Collaboration and Project Management

I can help **coordinate and track interactions** with partners effectively. At HashMove, a **logistics ERP startup**, I managed complex multi-channel content pipelines collaborating with cross-functional teams. I developed **go-to-market strategies** for new SaaS modules, requiring precise **scheduling, timely follow-up**, and keeping stakeholders aligned. I can apply this same **detail-oriented** approach to managing your research and advisory partner relationships.

Enablement Material and Process Optimization

I have a **proactive mindset** for improving efficiency. I built advanced *Excel* models to automate sales proposals, reducing processing time by 13%. I am proficient in the **internal tools and systems** including *Jira*, *Notion*, *Confluence*, and *Excel*, to manage project workflows and support data organization, along with *n8n* to automate processes. At HashMove, I also designed sales enablement content like **pitch decks, brochures, and video tutorials** with advanced proficiency in design tools like *Figma*, *ElevenLabs*, and *Powerpoint*.

Logistics Domain Expertise & Structured Documentation

My experience goes beyond general administration, I understand the industry. I have maintained structured and transparent **documentation** for product features, including process mapping for a Yard Management vertical that **cut manhours by 33% during pilot**. I bring a **proactive mindset** to **support roadmap planning** and ensure knowledge is accessible to the *Corporate Strategy team*

[Non-Confidential Projects & Certifications](#) (click to view)

- [AI-Powered Logistics](#): AI-powered logistics platform (including **Conversational AI**)
- [Video Onboarding Tutorial](#) for the Arab British Chamber of Commerce
- [Agentic AI in Finance](#): Explored Agentic AI use cases in Finance, creating **n8n** PoC
- [Figma Article Illustrations](#): Simplifying Agile SDLC concepts for diverse audiences.
- [Certifications](#): Intermediate SQL, Intermediate Python, Customer Analytics (UPenn)

Position Preference & Availability

I'm based in Berlin and immediately available. I speak **English (C2)** and German (learning A2) and thrive in fast-paced, collaborative environments that value growth and experimentation.

Thank you for your time and consideration.

Warm Regards,

Usman Zakria
